

June 2, 2008

Dear Legislator,

The Utah Higher Education Staff Association (UHESA) would like to take this opportunity to thank you for efforts put forth during the 2008 legislative session. UHESA would like to specifically thank you for the cost of living increase (COLA), merit monies, and coverage of the ever increasing health care costs.

Any increases in the Higher Education budget are more than welcome, such as the Board of Regents Scholarship program that was funded. Helping Public Education children to get into Higher Education is a great investment for the future of Utah.

UHESA understands the positive economic impact that a well educated work force can have on the state of Utah.

UHESA would also like to take this time to wish legislators who are running as incumbents the best of luck in the coming elections.

Again, UHESA thanks the legislature for continued Higher Education support and we look forward to working with you in the near future in preparation for the next session.

Sincerely,

Jennifer Evans-President UHESA
