

Utah Higher Education Staff Association

2016 Legislative Priorities

UHESA would like to thank legislators for the support you have shown Higher Education in the past. We look forward to working with you during this 2016 legislative session with the following considerations:

- **Compensation:** compensation is a top priority to hire and maintain the best talent for Utah college students. The average compensation for USHE staff and faculty is consistently lower than similar institutions nationwide.
- **Access and Affordability:** ensuring college is accessible and affordable is a top priority for Utah as a young, rapidly growing state.
- **Performance Funding:** using the model adopted by the Board of Regents in July 31, 2015, and based on SB 232 (passed in 2015).

UHESA continues to be at the forefront in advancing the mission of Higher Education to help create a viable work force that can only enhance the economic outlook for the state of Utah in a positive manner.
